**Your business requires real-time control. That's why you need a powerful, reliable, user-friendly IT solution to optimise management of all types of flows and improve your profitability.**

**Improve your management**

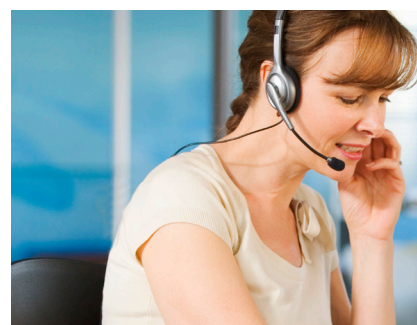

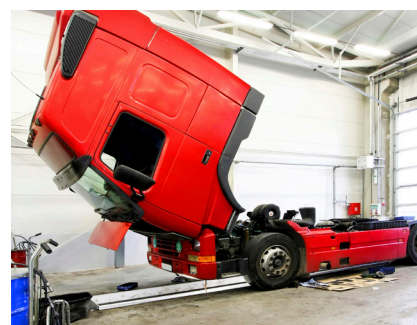

Proginov is here to support you in running your business. This vertical solution optimises all of your parts and financial flow management tasks, from workshop to buying group.

**Proginov's vertical solution can be used to:**

- **Structure** your IT system
- **Obtain** reliable indicators that can be used in real time
- **Keep** inventory and lead-times to a minimum
- **Share** and process data faster
- **Automate** tasks and reduce the risk of errors.

**By optimising this part of your job, you can:**

- **Satisfy** your customers and constantly adapt to their needs
- **Anticipate** market fluctuations
- **Expand** your sales
- **Increase** the productivity of your teams
- **Manage** your business in real time
- **Increase** your company's profitability
